Ex-President Arthur's sickness, says "Carp" of the Cleveland Leader, is largely due to his life in the White House. He lived too high, exercised too little and paid too little attention to keeping good hours. He did not get his breakfast much before ten o'clock, and his supper did not begin until nine or ten in the evening. He often sat at the table until after midnight, and though he was not a glutton, he liked fine wines and terrapin. Steward Crump, who acted for Garfield and trump, who acted for owned and Hayes, did not like his stewardship un-der Arthur, for the reason that they never got the dishes washed until the wee small hours of the morning. He took horseback rides for a time, and the took horseback rides for a time, and the doctors told him that he ought to do this to keep his system in order, but he discontinued them, and towards the close of his administration grew heavier than ever. He said once that he needed only six hours of sleep, but that he generally allowed himself seven. Had he taken this much at regular hours, and kept up the exercise which he had before he got to the White House, he and kept up the exercise which he had before he got to the White House, he would probably be a well man to day. Arthur ought to be in his prime, for he is only 56 years old, and a man should be at least 60 before he begins to consider his best days nost. sider his best days past.

Memories of "Old Zach" Chandler crop up occasionally. When he was chairman of the Republican National Committee, with headquarters at the Fifth Avenue Hotel, says a writer in the New York Tribune, he astonished the colored man in charge, who slept in the Secretary's room, by appearing there one morning about 5 o'clock. It was scarcely daylight and the sleepy darky could not understand what was up. With a vigorous fusilade of his emphatic, but inelegant and somewhat emphatic, but inelegant and somewhat profane language, Chandler ordered him to go and wake up the secretary, stenographer and two or three clerks, whom he named. The man had by this time waked up enough to know that it was still night, and he came to the hasty conclusion that Mr. Chandler must be "a little off." He ventured to say, "But, Mr. Chandler, it am not mawning yet." The Michigander ripped out another of his big oaths, as he said: "It is morning when the chairman of the committee gets here. Go and tell them to get up and report for

Says "F. H. R." of the Atlanta Constitution: A remarkable growth in the realth and population of Washington is perceptible to those who have obis perceptible to those who have observed the city for the past two or three years. It is a steady and substantial increase of inhabitants of resources increase of inhabitants, of resources and of ornamentation. Fortunes are being made every year by speculators in Washington real estate. Surburban property is constantly being cut by ex-tending streets, divided into small residence lots and sold at an enormous profit to those who purchased it in bulk at comparativelylow figures. Central prop-erty rises almost in proportion. I know several Department clerks who put their savings into very unpromising lots three or four years are which to their savings into very unpromising lots three or four years ago which today could be sold for three or four times the prices paid then. In some instances the increase of value has been still greater, but these are fair instances of hundreds of bargains; and yet, with this boom of real estate sweeping beyond ordinary expectation, Washington real estate is a tempting field for investment. The boom has a field for investment. The boom has a solid energy and a real growth back of it, and it will continue.

gress, noted for his devotion to the fair sex, entered the House wing of the Capitol the other day, says Crawford in the World, and the very instant he entered the Capitol his ardent gaze fell upon a slim-figured blonde young woman, dressed in a snug suit of black, with a jaunty hat perched high upon her well-poised head, back from which trailed a long black veil. She was leaning upon the arm of a gray-bearded, severe-looking old man. The ex-member recognized the old man and dashed up to him. He wrong his hand in a perfect passion of friendship, as he gazed over his shoulder right into the blue, blue eyes of the blonde, blonde girl. "Permit me to present you," said the old man. The ex-member placed his hand on his heart and bowed a bow the like of which is rarely seen upon this or any other stage. Into it he blended the most restage. Into it he blended the most re-markable curves of admiration and profound respect for the fair creature. She received him with great effusive-ness, but in a moment a shower-bath descended upon his raptures. Said the old man: "Miss Blank is taking sub-scriptions for General Logan's book" (etc., etc., for five minutes). The ex-member, who is an extreme Democrat and a hater of Logan, was caught and landed one minute later. He paid over his subscription and for the rest of the day did not look at a pretty

After using the 'Favorite Prescription' two weeks, I rode in a wagon ten miles; my neighbors were all surprised to see me up and going about and helping to do my housework, after doctoring with histeen of the best physicians we could get and the last one told my husband that I would never be able to do my housework after doctoring to the doctoring with thirteen at the best physicians we could get on my housework after doctoring the doctoring the

TERRIBLE

Mrs. F. E. Willox, Friendship, N. V., writes:

For five or six years I had been bally troubled with female weakness and terrible pains across the small of my back and pit of the stomach. Three bottles of Dr. Pierce's 'Favorite Prescription' acted like a charm, and cured me completely, to my great joy."

MARVELOUS
BENEFITS.

"I wish, in this letter, to express my gratitude for Mrs. Davis and myself for the great good which has been accomplished in her case by the use of your proprietary, medicines. When she began to take them, in January last, she could not endead the could stay up only about thirty minutes at a time. Now she not only sits up almost the entire day, but can write around, call on her neighbors, two and three blocks away, and not feel any injurious effects at all. When we consider that she had kept her bed the greater part of the time for four-teen months, and would lose repeatedly the advance she had made, her progress now seems marvelous. We had almost lost confidence in medical practitioners, and advertised remedies, but have found in your Dr. Pierce's 'Favorite Preserption' and 'Pellets' the complete and final recovery."

TREATING THE WRONG DISEASE.

Many times women call upon their family physicians, one with dyspepsia, another with palpitation, another with backache, or nervousness, another with pain here and there, and in this way they all present allke to themselves and their easy-going and indifferent doctor, separate and distinct diseases, for which he prescribes his pills and potions, assuming them to be such, when, in reality, they are all symptoms caused by some uterine disorder. While the physician is ignorant of the cause of suffering, he encourances his practice until large bills are made, when the suffering patient is no better, but probably worse for the delay, treatment, and other complications made. A proper medicine directed to the cause would perhaps have entirely removed the disease, thereby instituting comfort instead of prolonged misery.

Mrs. E. F. Morgan, of Negronale, Lingelin, Co.

DOCTORS

A. LOVELY, "Greenfield, Adair Co., Iouca, writes: R. V. Pirrice, M. B. Dear Sir—"Having been ill a number of years, and having tried in vain almost every advertised remedy, as well as having paid without benefit, I was finally induced to consult you. You advised me to send for your medicines. I accordingly sent for your "Medical Adviser, six bottles of your 'Golden Medical Discovery,' six of your 'Favorite Prescription,' and six vials of your 'Pleasant Purgative Pellets.' When I first began using these I could not stand on my feet. In ninety days I could walk a mile, and do light housework; whilst in six months I was completely cured, and my health has remained perfect ever since. I recommend you and your medicines wherever I go and loan your 'Adviser' to my friends. Two of our most prominent physicians who have read your great work 'The People's Common Sense Medical Advisor,' pronounce it the best family doctor book they have ever seen."

A THOUSAND THANKS.

Mrs. Caroline Byers, corner Duke and Argule Streets, Halifax, N. S., writes: "Dr. R. V. Pierce, I thank God, and thank you a thousand times, to the relief that your valuable medicines, the 'Favorito Prescription' and 'Pellets' have given that had troubled me for years. How my heart is overflowed with joy and gratitude towards you, my tongue can never express." Mrs. V. H. Pitterson, of Lockport, N. Y., had suffered for three years from "female weak-ness," was greatly emaciated and "all run down as she expressed it, and Dr. Pierce's "Favorite Prescription" and "Golden Medical Discovery promptly cured her, as they have thousands of DOWN."

Mrs. E. F. Mongan, of Newcastle, Lincoln Co., Maine, says: "Five years ago I was a dreadful sufferer from uterine troubles. Having exhausted the skill of three physicians, I was completely discouraged, and so weak I could with difficulty cross the room alone. I began taking Dr. Pierce's 'Favorite Prescription' and using the local treatment recommended in his 'Common Sense Medical Adviser,' I commenced to improve at once. In three months I was perfectly cared, and have had no trouble since. I wrote a letter to my family paper, briefly mentioning how my health had been restored, and offering to send the full particulars to any one writing me for them, and inclosing a stamped envelope for reply. I have received over four hundred letters. In reply, I have described my case and the treatment used, and have carnestly advised them to 'do likewise.' From a great many I have received second letters of thanks, stating that they had commenced the use of 'Favorite Prescription,' had sent the \$1.50 required for the 'Medical Adviser,' and had applied the local treatment so fully and plainly laid down therein, and were much better already."

ABSCESS OF LIVER.

I SAAC GIRSON, Kenwood, Pa., writes: "My wife is getting well fast. When she began to use your 'Golden Medical Discovery,' our best doctors in Indiana County said she would die. They said your medicine would do her no good; that she had an ulcer on her liver as large up phlegm for some two weeks, and then commenced spitting up phlegm for some two weeks, and then commenced spitting up corruption and blood (it looked like what comes out of a blood boll) for some ten days. She now has been well for weeks."

C., writes: "My daughter has been entirely cured of scrofulous sore eyes and a large tumor on her neck, by the use of your "Golden Medical Discovery." I have great faith in all your medicines."

CONSUMPTION, WEAK LUNGS, SPITTING OF BLOOD.

LUNG Colorester, Moss., writes: "Nearly five years uso, I was taken sick with a disease regarding which the three physicians who attended nie were unable to agree. One of the foremost physicians in Boston called it a tumor of the stomach, and treated me for that, nearly killing me with physic; another, a homeopashie physician. thought I had consumption. When taken sick, I weighed 157 bounds. I suffered from a heavy cough, night-sweats, kidney troubles, etc., and was reduced so rapidly that my physicians gave me up. They were unable to help me in the least. At that time I weighed but ninety pounds, and had not been note to lie down, but had to sit up in order to breathe. I had been confined to my room for six months, expecting to die. I was so had at times that I could not allow any one to come into my room for six months, expecting to die. I was so ban at times that I could not allow any one to come into my room, as I could not talk; nor was I able to walk. I picked up one of your memorandum booles on the floor of the hotel where I was boarding, and after reading it 1 began taking your 'Golden Medical Discovery,' and the ground the room all day. I soon began to build up, and gained so rapidly that it astonished me. I have taken no other medicine since then, and have used perhaps twenty bottles in all of this medicine. I stopped taking it in August, one year ago. I feel that it has saved my life. I now weigh about 160 pounds, and I think, and my friends with me, that this medicine saved my life. It certainly is worth its weight in gold, and I consider it a wonderful remedy from its effect in curing all my alluents."
